

# Secure with Vision CCTV Camera User Manual

## 1. Introduction

Thank you for choosing PixelTech – Secure with Vision. Our products are designed with advanced technology to deliver reliable surveillance performance for residential, commercial, and industrial applications.

This manual provides installation guidelines, features, and safety instructions for optimal use of your CCTV system.

## 2. Important Notice

- \* This manual may contain minor technical or typographical errors.
- \* PixelTech reserves the right to update product specifications without prior notice.
- \* Updated versions will be available in future releases.

## 3. Privacy & Legal Compliance

Surveillance laws differ by region. It is the user's responsibility to ensure compliance with local laws and regulations before installing or using this product.

## 4. Product Features

PixelTech cameras are built with high-performance components and modern design.

### Key Features:

- \* High-resolution imaging
- \* Advanced CMOS sensor technology
- \* Low noise and minimal image distortion
- \* Excellent low-light performance
- \* Auto white balance support
- \* 3-axis flexible mounting design
- \* Durable and reliable build quality

## 5. Product Overview: Camera Types

- \* Bullet Camera – Suitable for outdoor long-range monitoring
- \* Dome Camera – Ideal for indoor and compact installations

## 6. Installation Guidelines:

### Before Installation:

- \* Verify the installation environment
- \* Ensure compatible power supply (DC 12V)
- \* Mounting surface must support minimum 3× camera weight

### Wall Type Instructions:

- \* Concrete Wall: Use expansion bolts
- \* Wooden Surface: Use self-tapping screws

### Important:

Do not disassemble the camera. Contact authorized service support if required.

## 7. Mounting Instructions (Bullet Camera – Ceiling Mount)

### Steps:

1. Mark and drill holes as per mounting base
2. Insert expansion anchors into drilled holes
3. Connect power and video cables
4. Fix the camera securely using screws
5. Adjust camera angle as required

## 8. Safety Instructions

- \* Use only recommended power supply
- \* Avoid exposure to extreme heat or moisture
- \* Do not attempt self-repair
- \* Ensure proper earthing and wiring

### CAUTION

To prevent fire or electric shock:  
Use UL-listed wire (VW-1, 100°C) for DC 12V input connections.

## 8. Safety Instructions

- \* Use only recommended power supply
- \* Avoid exposure to extreme heat or moisture
- \* Do not attempt self-repair
- \* Ensure proper earthing and wiring
